AOSTA

WINE PROGRAMME

Aosta, Italy is an alpine valley, with a cool continental climate, and with flora, fauna and soils very similar to Central Otago.

The Aosta wine programme reflects the best of Italian wines, and the very best of central otago, both chosen to complement the flavours of Aosta.

In both our Italian offerings and our central otago wines we focus on the farmers of the region, who grow their own grapes, and makes their own wines.
